Overwhelming amount of information in the palm of your hand

iMast has succeeded in increasing the amount of information on the timeline by hiding the button for reacting to posts from the table.

Official web client

iMast

So what do you do when you want to react? Rest assured, slide the post from right to left and you'll see a hidden button.

Coming soon ...

iMast is currently working on iOS 13 support.

As soon as iOS 13 is released, iMast will be released with new features in iOS 13 and iPadOS such as Dark Mode and Multi-Window.

Until then, please wait for a while.
